PROFILE

I am a First Class Honours MDes Product Design graduate of Sheffield Hallam University. Having developed skills ranging from concept development through to highly detailed CAD and presentation modelling, I am able to apply these to create fully resolved product proposals and final outcomes. I am looking for an opportunity to further my knowledge and gain valuable experience in design based skills and am particularly interested in human interaction design.

EDUCATION

MASTERS OF DESIGN
(Sep 2013 - July 2017)

SHEFFIELD HALLAM UNIVERSITY

MDes Product Design - First Class Honours
Various modules throughout the course have improved my skills in programmes such as SolidWorks, Keyshot, Photoshop, Illustrator and InDesign.
